EDUCATION

Texas A&M University

Student

College Station, TX

August 2022 - May 2026

- Major: Bachelor of Science in Computer Science
- GPA: 4.000/4.000

SKILLS

Languages: Java, C# (Unity), Python, Javascript, Typescript, HTML, CSS

Frameworks/Libraries: React, Next.js, Node.js

Tools/Technologies: Confluence, Jira, Gitlab, Git

WORK EXPERIENCE

Paycom

Irving, TX

Software Development Intern

May 2024 - August 2024

- Collaborated on building a unified design portal that consolidated React and PHP (MVC) component documentation, replacing the previous React-only UI Developer Library with a more comprehensive solution
- Integrated live rendering of React and PHP components from MDX files using the "react-live" library, enabling real-time previews within the developer design portal
- Assisted in building a custom plugin to scrape markdown files for code blocks labeled as "tsx" (React) and "php" (PHP), dynamically rendering them on the webpage to enhance documentation clarity and usability
- Revamped the search functionality of the original UI Developer Library by implementing categorized sorting and adding filters, improving the discoverability of components and documentation

Boss Fight Entertainment

Dallas, TX

Software Engineering Intern

June 2021 – August 2021

- Designed and managed Preset Assets and applied them to in-game textures using C# and the Unity Game Engine to enhance the visual aspects of released mobile games (myVEGAS Bingo, Kingdom Boss, etc.)
- Interacted with the Jira and Confluence software systems daily to map out daily tasks, collaborate with fellow interns and team leads, and to manage weekly projects

ACTIVITIES

Chinese Student Association

College Station, TX

Public Relations Chair

April 2024 – Present

- Maintained the organization's website using Wix ensuring content was current, relevant, and visually appealing to members and visitors
- Managed the association's Instagram account, developing and organizing a posting schedule to engage with followers and promote events and initiatives
- Curated and managed the association's Discord server, assigning roles and creating a welcoming environment that fosters a strong sense of community among members.

Aggie Coding Club

College Station, TX

Member

August 2022 – Present

- Attended Career Talks with former Texas A&M alumni who have professional experience in the software engineering industry to connect with them and learn more about their professional journey

Independent Study & Mentorship

Frisco, TX

Mentee

August 2021 – May 2022

- Admitted to a prestigious high school program in which students reach out to professionals for mentorship in their desired professional field
- Worked closely with mentor to build a webpage with HTML and CSS while building Tic-Tac-Toe and Minesweeper minigames to implement on my webpage using WebGL builds
